

Stage Plot – Sons of Genesis

Input List

Eight channel snake

- 1 – Lead Vox
- 2 – Bass Synth
- 3 – Bass Vox
- 4 – Drum Vox
- 5 – Guitar
- 6 – Bass
- 7 – Sequencer
- 8 – Synth

Four Channel snake

- 1 – Female Vox

We use an IEM system with splitter out to one 8 channel snake and one 4 channel snake to your junction. Mic'ing for both drumsets does not go through us at all. We use our own drum mics for IEMS. Use your drum mics for FOH. We will give phantom power from our side. We take care of our own monitor mixes without intervention from the venue. The splitter sends to you are transformer isolated. All vocalists supply their own vocal mics. We also will be controlling video from the synth rig. We can supply HDMI connection to your video signal, but it is from the stage.
